6. Polygraph Amendment

Senator Stevens (Alaska) intends to offer an "Amendment to the FY 1985 Supplemental Appropriation Bill" next week which would permit wider use of polygraph testing by DoD to determine access to "national security information." He attempted to offer the amendment in Committee but withdrew it when other Senators voiced opposition to the use of the polygraph in cases involving access to any classified information. Senator Stevens has welcomed suggestions on how to narrow the scope of "classified information", which would permit this expanded polygraph use.
